I am an enthusiastic software developer eager to contribute to team success through hard work, attention to detail and excellent organizational skills. Clear understanding of JavaScript, Vue Js and CSS. Motivated to learn, grow and excel in Software Development.

WORK EXPERIENCE

Software Developer

Acumen Digital
Lagos, Nigeria

06/2021 - Present

Achievement/Tasks

- I build responsive and functional web applications using standard web technologies, Vue.js and Nuxt, using a Figma file as a guide which are fully integrated with APIs.
- I've collaborated with fellow software developers, senior engineers and also product managers to ensure seamless progress of web applications.
- I've rendered help to fellow software developers, and developer Interns where needed.

Software Developer Intern

Acumen Digital
Lagos, Nigeria

03/2021 - 06/2021

Achievement/Tasks

- I built responsive and functional web applications using standard web technologies, Vue.js and Nuxt, using a Figma file as a guide which are fully integrated with APIs.
- I learnt the fundamentals of working with a team to plan out, build and deploy fully functional web applications, where we worked with version control, tools like Asana, Jira and Github for collaboration.
- I worked with senior engineers and delivered tasks in time.
